Welcome to Your TRAIL MAPD Initial Enrollment Period

The State of Illinois offers retirees, annuitants, and survivors a healthcare program called **Total Retiree Advantage Illinois (TRAIL)**. This program provides Medicare-eligible participants comprehensive medical and prescription drug coverage through the TRAIL Medicare Advantage Prescription Drug (commonly referred to as an “MAPD”) plan. The program includes vision coverage, optional dental coverage, and life insurance coverage.

All newly-eligible participants, who elect to enroll in the TRAIL MAPD Program will be enrolled in the Aetna Medicare Advantage Prescription Drug (MAPD) PPO Plan.

To be eligible for coverage under the Total Retiree Advantage Illinois MAPD plan, you must:

- Live in the United States or the U.S. Territories, **AND**
- Be covered under a retiree plan and enrolled in Medicare Parts A and B, due to age or disability.

You Must Take Action

The TRAIL Program provides comprehensive medical and prescription drug coverage through the Aetna MAPD PPO plan, which is a Medicare-approved plan that combines the different parts of Medicare into one plan. Since Aetna MAPD PPO is a type of Medicare, **you must continue to pay your federal Medicare Parts A and B premiums in order to enroll and remain enrolled in TRAIL MAPD.**

As a newly-eligible participant in the TRAIL MAPD Program, you:

- **MUST enroll in the TRAIL MAPD health plan during your enrollment period**, via MyBenefits.illinois.gov or by calling the MyBenefits Service Center (toll-free) 844-251-1777. **Due to your Medicare-eligibility, you cannot keep your current State of Illinois health plan.**
- **Will have your medical and prescription drug claims processed** by the TRAIL MAPD health plan instead of Original Medicare and your current State plan once your TRAIL MAPD enrollment becomes effective.
- **May waive State Coverage. State retirees, annuitants, and survivors** waiving coverage will terminate the medical, prescription and vision coverage for you and all covered dependents, if applicable. Your current dental coverage (if enrolled) and life insurance coverage will remain in effect. **Waiving TRAIL MAPD coverage does not allow you or your covered dependents to stay in your current State health plan.**

Dependents waiving coverage will only terminate your medical, prescription, vision and dental coverage. **Waiving TRAIL MAPD coverage does not allow you to stay in your current State health plan.**

- **Retirees, annuitants, and survivors - May add, cancel, or waive the dental coverage** for them and their covered dependents during their TRAIL MAPD Initial Enrollment and Annual Open Enrollment periods. **Note:** Dependents **must** mirror the same dental coverage as the retiree, annuitant, or survivor.
- **Will only have one ID card** to show at your doctor visits and when picking up your prescriptions.

Understanding Your Plan

Aetna Medicare Advantage PPO Plan

The Aetna Medicare Advantage Preferred Provider Organization (PPO) plan is a “passive” PPO plan. If you enroll in this plan, you may see any provider as long as they participate in Medicare and accept the plan. You will not have the restrictions of in-and out-of-network providers. So even though Aetna has a network of plan providers, if you receive care from a provider not in the Aetna network (i.e., an out-of-network provider), the PPO plan pays those providers the same amount Medicare would have paid; you pay the same out-of-pocket percentage as if you had received in-network care.

The majority of providers in Illinois and across the nation participate in Medicare and will accept the State-sponsored Aetna group plan. If the provider is not willing to bill Aetna, call Aetna at the number on page 14 and ask them to contact your provider to explain the plan. If your provider still refuses to bill Aetna for your visit, you must pay the bill and submit a request for reimbursement to Aetna for payment. Aetna will then reimburse you the Medicare allowable amount, minus any deductible or coinsurance for which you are responsible.

Important Information About TRAIL

- The TRAIL MAPD health plan is offered by Aetna. Medicare pays a fixed amount for your care each month to Aetna. When you enroll in a Medicare Advantage Prescription Drug (MAPD) plan, you are no longer in Original Medicare, but still have the same covered services and the same rights and protections as people with Original Medicare.
- The TRAIL MAPD health plan provides all of your Part A (hospital) and Part B (doctor and outpatient) benefits, including emergency and urgent care, and Medicare Part D (prescription drug) coverage.
- **You must keep Medicare Parts A and B and continue to pay the applicable Medicare premiums, including applicable IRMAA (Income Related Monthly Adjustment Amount) surcharges.**

- The Medicare Beneficiary Identifier (MBI) number must be on file for all Medicare-eligible participants. If not already on file, a copy of the required Medicare card with the MBI number must be provided to the Medicare COB Unit or your retirement system.
- If you fail to provide a copy of the required Medicare card with your MBI number to the Medicare COB unit or your retirement system, your TRAIL MAPD and State medical insurance will be waived for the dependent(s) with the missing documentation and waived for the entire household if the member's documentation is not provided.
- You can only be in one Medicare Advantage or Medicare Part D (prescription drug) plan at a time. Enrollment in the TRAIL MAPD plan provides you with Medicare Advantage coverage as well as Medicare Part D coverage. **Therefore, enrollment in a different Medicare Advantage or Medicare Part D plan will automatically cause your TRAIL MAPD coverage to end, which will include your medical, prescription drug and vision coverage.**

- **Retirees, annuitants, and survivors** – You may terminate the TRAIL MAPD coverage at any time by contacting the plan administrator in writing. You may re-enroll throughout the plan year and coverage will be effective the first of the month following your enrollment request or during your annual TRAIL MAPD Enrollment Period. **Reminder** – Terminating your coverage will terminate coverage for you and all covered dependents under both the TRAIL MAPD and Retiree Medical plans.

Medicare eligible dependents – You may terminate the TRAIL MAPD coverage at any time by contacting the plan administrator in writing. You may re-enroll throughout the plan year and coverage will be effective the first of the month following your enrollment request or the next applicable open enrollment period, which is based on the retiree's, annuitant's or survivor's Medicare status.

Non-Medicare eligible dependents – If your coverage was terminated due to the retiree's, annuitant's, or survivor's failure to enroll in their coverage, or if they choose to waive coverage, you will not be able to re-enroll in the retiree health plan until the next TRAIL Open Enrollment Period or if you have a qualifying event that allows you to re-enroll into coverage.

- If your residential or mailing address changes, you must notify **both** your retirement system and the Social Security Administration in writing as quickly as possible.
- Medicare Advantage Plans are not a Medicare Supplement plans. Medicare Advantage Plans, sometimes called "Part C" or "MA Plans," are an "all in one" alternative to Original Medicare. These "bundled" plans include Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance), and in the case of your State-Sponsored TRAIL plan, Medicare prescription drug (Part D) is also included.

- Once you have enrolled in the TRAIL MAPD health plan, you will only use your red, white, and blue Medicare card for hospice care. All other claims for your healthcare services (including prescription drugs) should be sent to your MAPD plan administrator for processing and benefit determinations.
- **Remaining in your current State health plan is not an option. If you do not complete the online enrollment process or call the MyBenefits Service Center by your enrollment deadline, the State will assume you do not want your State of Illinois TRAIL MAPD health insurance and will terminate your medical, prescription drug and vision coverage. If your State medical and prescription coverage is terminated, you will have only Original Medicare for your medical coverage.**
- MAPD plans are not permitted to consider deductible(s) that you might have already met under your previous health plan. Therefore, any deductible amounts that were previously met under your prior health plan, will not be considered under your new TRAIL MAPD Health Plan, and will start over. The dental plan deductible is separate from the MAPD health plan deductible and will also start over with your new TRAIL MAPD plan coverage.
- All out-of-pocket maximums that were met under your prior health plan will not carry over to your new TRAIL MAPD plan.
- Your current health plan may cover services that Original Medicare does not cover. Medicare Advantage plans are required to cover all services covered by Original Medicare. In order to be covered, the service must be considered medically necessary and in certain cases, meet Medicare guidelines for approval. Some services have limits to how often they can be obtained.

Prescription Drug Coverage

A TRAIL MAPD plan includes Medicare Part D prescription drug coverage. Prescription drug formularies (i.e., list of drugs covered) vary by health plan. The TRAIL MAPD prescription drug plan must follow Medicare rules for which types of drugs can be covered. Drugs covered under a non-Medicare Part D plan may not be covered under a Medicare Part D plan. If you are uncertain whether a drug will be covered, you should call the health plan.

Part D Coverage Stages

Since the TRAIL MAPD prescription drug coverage is a Medicare Part D plan, the member's cost for prescription drugs under the TRAIL MAPD Program must follow the Medicare Part D drug coverage stages. There are three drug payment stages: Annual Deductible, Initial Coverage, and Catastrophic Coverage. At the beginning of the year, you start out in the Annual Deductible stage. If the plan has no prescription drug deductible, then you begin in the second stage, the Initial Coverage stage. You progress to the next stage once you have met the cost requirements for the current stage.

Unlike a standard Part D plan in which the enrollee is required to pay a percentage of the full retail cost of the drug, State members enrolled in the TRAIL MAPD Program pay only the plan's standard copayment through the Initial Coverage stages. Once a member reaches the Catastrophic Coverage stage (when the true out-of-pocket costs reach \$2,100 for prescription drugs in 2026), the member will pay \$0 for the Part D prescription drugs for the remainder of the year.

Annual
Deductible

You start here. You will pay the full cost of your Part D prescriptions drugs. **Once you have paid the plan's deductible, you move on to the next stage.**

Initial
Coverage

If the plan has no prescription drug deductible, you start here. You will pay copays in this stage. **Once you have spent \$2,100 on your Part D prescription drugs, you move to the next stage.**

Catastrophic
Coverage

If you reach this stage, you stay in this stage through the end of the plan year (December 31). **You will pay \$0 for your part D prescription drugs for the remainder of the year.**

Part D IRMAA Premium

Medicare requires those enrolled in a Medicare Part D plan whose annual income is above a certain limit to pay an additional premium called IRMAA (Income-Related Monthly Adjustment Amount). Medicare will look back at your tax return from two years ago to determine your income. For those members whose income is verified by the IRS to exceed the established limits, the Social Security Administration will send a predetermination letter. If applicable, IRMAA applies to both Medicare Parts B and D; therefore, members who pay an additional premium for their Medicare Part B coverage are the same members who will be charged the Medicare Part D IRMAA amount. Members will receive a quarterly bill in the mail from Social Security for these additional premiums. To remain in the Medicare Advantage plan, affected members must pay these additional premiums. Go to [medicare.gov](https://www.medicare.gov) for IRMAA premium amounts.

Go Online at MyBenefits.illinois.gov, or call 844-251-1777 (toll-free) if:

- **Your dependents experience a change of address.**
- **Your dependent loses eligibility.** Dependents who are no longer eligible under the Program (including divorced spouses or partners of a dissolved civil union or domestic partner relationship) must be reported online immediately.
- **You get married or enter into a civil union partnership, or your marriage, or civil union partnership is dissolved.**
- **You gain legal guardianship of a child or adopt a child.**
- **You have insurance benefit questions • to enroll into an insurance plan • to add a dependent to your insurance plan • to provide a marriage certificate to add a new spouse to your insurance plan • to term a dependent from your insurance plan • and to find out more about your insurance coverage.**
