If you have no eligible survivor at retirement, would you like a refund of survivor contributions?

Yes No

By electing to accept a refund of survivor contributions, I declare that there are no individuals eligible for survivor benefit payments on account of my death and all survivor benefits are forfeited.

This refund is only payable at retirement. If left blank, the default election is no refund being paid.

Legal history

Were you ever convicted of a felony related to, arising from or in connection with your service as a member of SERS?

Yes No

Social Security Offset removal

As part of your SERS benefits, your qualified survivor(s) will be eligible for a survivor annuity after your death. If you contributed to Social Security as a state employee, an offset of 50% is usually applied to the survivor benefit when the survivor becomes eligible for Social Security benefits. **You may elect to reduce your retirement annuity by 3.825% to avoid the offset that may be applied to a future survivor annuity.**

Please check one:

- I elect to participate and authorize SERS to reduce my monthly benefit by 3.825%.
- I do not elect to participate.

Level Income option

Only members who contribute to Social Security are eligible to choose the Level Income option. This option increases your retirement by a percentage of the amount of Social Security benefit you are eligible to receive immediately. Your retirement benefit will later be reduced by the full amount of the Social Security benefit for which you are eligible to receive at the age you choose below. You must submit a Social Security estimate with your signature, dated within six (6) months of your retirement date, which will be used to calculate your Level Income amount.

A retiring member with a QILDRO on file with SERS may not choose Level Income without contacting the QILDRO Department at 217-524-6965. A retirement benefit including a QILDRO and Level Income will require additional processing time.

I fully understand the Level Income option and agree my retirement benefit will be reduced at the age I elect.

Please check one:

- I elect the Level Income option for age 62 years and 1 month.
- I elect the Level Income option for the age at which I am eligible to receive my full Social Security benefit.
- I do not elect the Level Income option, or it does not apply to me.

Special note for those electing the Level Income option: SERS benefits are paid for the current month (July's payment is paid in July) and Social Security benefits are paid one month behind (July's payment is paid in August); therefore, there will be one month you will receive a reduced benefit from SERS and you will not receive a Social Security benefit.

Reciprocal service

Do you have service credit in any of the following systems? Yes No

If yes, please check only the system(s) you wish to include when having your reciprocal benefit calculated. **You must apply with all systems when you apply for a reciprocal retirement.**

What is system reciprocity?

The Illinois Retirement Systems Reciprocal Act gives retiring Illinois public employees the option to use service credit earned within the public retirement systems listed in this fact sheet toward a benefit calculated based upon combined pension service between funds.

To use the provisions of the Reciprocal Act, the systems will exchange information regarding service credits, earnings and other important information to determine payable benefits.

Earning service credits

Service credits are earned based on the amount of time you participate in a retirement system. Service credit established in all retirement systems is considered under the Reciprocal Act, with the exception of the following:

- credit of less than one year (12 months) of participation in any system, except credit earned by teacher's aides in IMRF (check with your IMRF representative for specific provisions on this rule);
- credits that have been forfeited by accepting a refund, but have not been repaid; and
- credits that have already been applied toward a retirement pension.

Benefits of reciprocity

You can decide if you want to combine your service credits or retire independently under each individual system. In both scenarios, you must meet the qualifications of each individual retirement system before you are eligible to earn a pension, but combining service credits can potentially give you enough total service credits to qualify in a system that you might not have enough credits for otherwise (Example 1).

Because of the ability to use your service credits among reciprocal systems, you could have a larger combined pension and/or begin drawing benefits earlier than if you retire from each system independently.

Reciprocal Systems (Cont'd)	
State Universities Retirement System 1901 Fox Drive Champaign, IL 61820-7333	surs.org 800-275-7877 Fax: 217-378-9800
Teachers' Retirement System 2815 W. Washington St., P.O. Box 19253 Springfield, IL 62794-9253	trsl.org 877-927-5877 Fax: 217-753-0394

If you choose to combine your service credits using reciprocity, you must meet the highest minimum qualification of all systems involved. Each system looks at combined service credits and earnings, paying their share of the pension accordingly. The highest final average compensation (FAC) from all systems is used to calculate your benefit, but each system uses its own formula to determine the amount you'll receive from them, including annual increases (Example 2).

Concurrent service

If a member is granted service credit by multiple funds for a given period of time, adjustments are made to ensure the member does not receive service credit from both systems for the same period of time.

If you contribute to multiple systems in the same month, it's not legally permitted to earn more than one-month's service credit during that time.

Reinstating service credits

If you previously participated in a reciprocal system and took a refund when you separated service, you will need to reinstate your service credit in order to include it in your reciprocal benefit.

You can do this by repaying the refunded amount after a minimum of two years with another retirement system, but it must be reinstated while you're still a contributing member under the Reciprocal Act.

Pension estimates

You can receive an estimate of your benefit by submitting a request to the most recent system with which you're employed. Include information about all systems you participated in, as well as your estimated retirement date.

Applying for benefits

If you'd like to apply for benefits under the Reciprocal Act, you should:

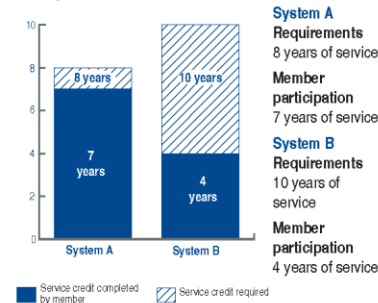

- request an application from each system you participated in a minimum of 60 days before your planned retirement date; and
- return the completed forms to each system, requesting reciprocity provisions.

Returning to work

If you have started receiving retirement benefits but return to work with one of the reciprocal systems paying a pension to you, all systems may suspend payments based on direction from the employing system.

Once your employment ends, the pension payments will be reinstated. Each system will determine if your benefit needs to be recalculated to add the additional service credits earned.

Example 1: The benefit of time

This member wouldn't have enough service credit to retire independently in either system.

However, under reciprocity the member's combined service credit is 11 years, which qualifies the member for a proportional pension from each system (assuming the member meets all other system requirements for eligibility).

Example 2: The potential of a higher benefit

A member has 12 years of service with a final average compensation (FAC) of \$1,600 per month with System A, and 20 years of service with a FAC of \$2,400 per month with System B.

System A has a flat rate formula of 1.67% for each year of service. $1.67\% \times 12 = 20.04\%$ $20.04\% \times \$1,600 \text{ (FAC)}$ $= \$320.64/\text{month}$	Total combined benefit of \$1,161.84 Now let's see what the benefit would be when calculated with reciprocity: $1.67\% \times 12 = 20.04\%$ $20.04\% \times \$2,400 \text{ (highest FAC for both systems)} = \$480.96/\text{month}$ $1.67\% \times 3 = 5.01\%$ $2\% \times 17 = 34.00\%$ 39.01% $39.01\% \times \$2,400 \text{ (FAC)}$ $= \$936.24/\text{month}$ Total combined benefit of \$1,417.20 with reciprocity
System B has a step-rate formula of 1.67% for each year of the first 15 years and 2% for each year after. $1.67\% \times 15 = 25.05\%$ $2\% \times 5 = 10.00\%$ 35.05% $35.05\% \times \$2,400 \text{ (FAC)}$ $= \$841.20/\text{month}$	

Level Income

The background features a series of overlapping, semi-transparent green triangles and polygons of various shades, ranging from light lime green to dark forest green. These shapes are primarily located on the right side of the page, creating a modern, abstract geometric pattern.

What to Remember

The level income amount is money from SERS, ***NOT*** Social Security.

If you have a QILDRO, you will need permission from ex-spouse to be eligible.

What to Remember

The decision is made on the retirement application and is an **irrevocable** decision.

This option is only for members **prior** to social security eligibility.

The reduced amount is applicable for the **rest of your life**.

It is your **responsibility to apply** for the Social Security benefit at the time of the reduction.

What is needed

You must obtain a **PEBES** statement from Social Security in order to receive a Level Income estimate, and/or to receive the Level Income option at retirement.

OR, if you can access the Social Security website, you can do it yourself.*

*Printed SSA estimates need to be signed and dated.

- Your SERS survivor benefit will not be reduced by more than 50%

Survivor Benefit

SERS Offsets Social Security

At age 60 (under the deceased State worker SS#)

SERS \$2,000 x 50% = \$1,000 Survivor Benefit

SS \$800 x 50% = -\$400 Offset

\$600 Survivor Benefit

SERS Benefit Pays \$600

SS Pays \$800

TOTAL \$1,400 Monthly Survivor Benefit

SERS Offsets Social Security Survivor Benefit

At age 62 (under the spouse's own SS#)

Example

SS (Member) \$ 800

SS (Spouse) - \$ 600

\$ 200

\$200 X 50% = \$100 Offset

SERS Offsets Social Security Survivor Benefit

At age 62 (under the spouse's own SS#)

SERS \$1,000 Survivor Benefit

SS -\$100 Offset

SERS pays \$900 Survivor Benefit

AND

SS pays \$800 (higher of the two amounts)

TOTAL \$1,700 Monthly income

You will need to choose at the time of retirement

1. “I ELECT TO PARTICIPATE IN THE REMOVAL....”

The Social Security Offset will be removed, AND
your pension will be reduced by 3.825%

The offset will be applied to your spouse’s survivor
benefit, if applicable

You will need to choose at the time of retirement

2. “I DO NOT ELECT TO PARTICIPATE”.

This will not prevent the pension from being reduced and the Social Security offset will be applied if it is applicable.

Social Security Offset (Cont'd)

- Never paid into Social Security as a state worker: **NO OFFSET**
- Spouse received a higher SS benefit than state worker: **NO OFFSET AT 62**

Rule of Thumb

- If the survivor is gaining dollars from Social Security as a result of the spouse's death, the 50% offset applies to the gain
- An eligible survivor annuity is paid to the surviving spouse for the rest of their lives

Reversionary

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the right side of the page, creating a modern, layered effect. The rest of the page is plain white.

Reversionary Option

You make this one-time election to reduce your pension to provide lifetime income to your designated dependent(s):

- Spouse
- Any dependent(s) at time of retirement
- 10% increments from 10% to 100% of pension
- No COLA increases on the reversionary amount

Reversionary: What to Remember

- Reversionary is IRREVOCABLE
- The reduction is for life, even if the designated person(s) dies, or if there is a divorce

Example: 100% of Pension

Pension of \$4,000

\$433 per month reduction of pension.

Member's pension is now \$3,567 per month.

\$3,567 per month for survivor to receive the reversionary benefit in addition to regular survivor benefit.

Surviving spouse now receives \$3,567 per month as a reversionary benefit, plus the \$1,783.50 survivor benefit (\$5,350.50 total).

- Survivor Benefit – Gets increases
- Reversionary – Does NOT get increases

Example: 50% of Pension

Pension of \$4,000

\$230 per month reduction of pension.

Member's pension is now \$3,770 per month.

\$3,770 per month for survivor to receive the reversionary benefit in addition to regular survivor benefit.

Surviving spouse now receives \$1,885 per month as a reversionary benefit, plus the \$1,885 as a survivor benefit (\$3,770 total).

- Survivor Benefit – Gets increases
- Reversionary – Does NOT get increases

Pension Elections (if applicable)

- Social Security Offset
- Level Income (if you contribute to Social Security)
- Reversionary
- Any combination from above (if applicable)
- COLA increase when you're eligible (with or without offset)

Disability

- Nonoccupational
- Occupational
- Temporary

Occupational Disability

Work-Related Injury or Illness

Requirements:

- Be a member of SERS.
- File a claim with Workers' Compensation and receive benefits or a settlement.
- File the required forms with SERS.
- Members DO NOT have to use any benefit time to receive an occupational disability benefit.

Occupational Disability

- Can receive 75% of your Final Average Compensation or monthly salary at the time of injury, whichever is higher, for Tier 1, 75% of FAC for Tier 2 in total benefits.
- SERS will offset the difference between what Workers' Compensation pays to get to 75% of the member's monthly rate of pay or FAC.
- The member is not required to use sick time

Occupational Disability Ends

- Your disability ends, when your doctor releases you.
- You resume employment
- Workers' Compensation TTD payments end
- You reach age 65
- If your disability begins after age 60, benefits are payable up to 5 years.

Temporary Disability

Eligibility

In order to qualify for temporary disability you must have:

- Been denied by Workers' Compensation
- Filed an appeal with the IWCC - Application for Adjustment of Claim
- SERS finds you disabled from performing your assigned job duties
- Not received, nor had a right to receive any compensation for at least 30 days
- 18 months of creditable service with SERS (Teachers' or State Universities Retirement Systems' service credit can also be used to establish 18 months with SERS)

When a WC claim is denied

- If WC denies a claim and the member is NOT going to appeal the decision, they can apply for a Nonoccupational disability benefit
- They MUST submit a letter to SERS stating they are not appealing their denial
- The letter MUST say that they are not now, and will not in the future, seek any compensation from the Illinois Workers' Compensation Commission for their injury or illness

Nonoccupational Disability

- Disability resulting from causes not related to your occupation.
- Must be granted a medical leave of absence approved by your agency.
- Must use all your accumulated sick leave.
- Must be absent from work for 30 or more days to begin receiving a nonoccupational benefit.
- 18 months credited service. Only SURS and TRS reciprocal time can be used for eligibility.
- Must submit the required forms and be found to be disabled by SERS.

Nonoccupational Disability Ends

- You resume employment
- Your disability ends, your doctor releases you
- You exhaust one-half of your credited service
- If your disability begins after age 60, benefits are payable up to 5 years for Tier 1 members as long as they have at least 10 years of credited service.

Non-Occ terminated after ½ time ceasing

If a nonoccupational benefit is terminated because of ½ time ceasing, but the member is still disabled, they are eligible for an unreduced pension if:

- Member is 60 and has 8 years of credited service
- Member is 55 and has 15 years of credited service
- Member is 50 and has 20 years of credited service
- Member is not eligible to receive a COLA until age 60.

Nonoccupational Disability

- How much am I allowed to receive?
 - **Tier 1** – 50% of your FAC or monthly rate of pay, whichever is higher. Disability looks at total rate of pay.

Occupational, Temporary, & Nonoccupational Disability

- While receiving a disability benefit with SERS, your service credit continues to be applied to your account as if you were working.
- That way you will not be missing service credit when you are ready to retire. Please keep in mind, if you did not have enough benefit time to cover the 30-day waiting period, you may want to purchase that time after returning to work.
- Gross income, which also includes self-employment income, that exceeds the “substantial gainful activity” rate as determined by the Social Security Administration during a calendar quarter will result in the suspension and/or termination of your SERS disability benefits. This also impacts your access to group healthcare insurance and other group insurance benefits. The “substantial gainful activity” amount determined by the Social Security Administration can be found on their website.

My agency wants me to resign?

- Members may resign from their agency and remain on SERS disability benefits as long as they are still disabled and continue to meet the SERS eligibility requirements.
- Members must be established on SERS disability benefit BEFORE they resign from their agency.
- The resignation allows the agency to post and fill your position.
