This payment option is a strictly optional election, but it is irrevocable once it's chosen. It is important to understand what you're electing.

Revised 06/2026

If you have qualified for a retirement annuity with the State Employees' Retirement System, then beginning in April, 2019 through May 31, 2028, you may elect to waive your eligibility for retirement benefits and instead receive a lump-sum payment equal to 60% of the present value of your earned retirement benefit.

The calculated lump-sum payment amount will be based on current SERS' actuarial assumptions, are subject to applicable IRS withholding and tax laws and must be transferred to a qualified retirement plan. You must report any payments you roll to a qualified plan to the IRS. The payment will be effective no earlier than April 1, 2019 and issued as soon as possible, although it may take several months.

Eligibility requirements for this payment option:

- You must terminate service;
- You must have earned enough service credit to qualify for a retirement annuity (excluding service with another reciprocal system);
- You cannot ever have received SERS retirement benefits;
- If you have a QILDRO (Qualified Illinois Domestic Relations Order) on file, you will have to receive permission for the buyout from the alternate payee.

Members forfeit all service credit for all purposes under the Illinois Pension Code, including benefits provided under the Illinois Reciprocal Act. This election is irrevocable and any member who elects this option and later returns to service will be eligible for a benefit based solely on future service and will not have the option to repay the amount received under this program to reestablish the previous service credit.

Upon request, you will receive notification of the lump-sum amount you may elect to receive, along with an election form that allows you to choose to waive your eligibility for a retirement annuity in exchange for the lump-sum payment. You must submit the election forms accepting such payment no later than May 31, 2028 for you to be eligible for the Accelerated Total Pension Benefit Payment (Total Buyout). Please note this payment option may end before May 31, 2028 if available funds are exhausted prior to that date.

A member who elects the Accelerated Total Pension Benefit Payment option retains access to retiree health insurance through the State of Illinois Group Insurance Program. Coverage can begin on the date you would have otherwise been eligible to retire. You will not automatically be enrolled in health insurance. Approximately one month prior to your insurance eligibility date, you must contact the specific unit of the Central Management Services (CMS) Group Insurance Division that is responsible for enrolling total buyout beneficiaries, which can be contacted at (217) 558-4978. Health insurance premiums will be billed directly to you by CMS.
